## Mission site: Bangkok, Thailand

This year is a blessed year for us because we have been visiting churches both in Thailand and Laos in various area. One of our purpose is to encourage our brothers and sisters to grow up in their faith. We have been knowing our brothers and sisters more and have many chances to pray for their life suffering. We understand more what the hearts of Philipians to apostle Paul “Yet it was good of you to share in my troubles.”

Philippians 4:14 NIV

Both Philipians and Paul had shared their troubles and not just know the trouble but also carry the burden to be brothers and sisters in Christ. The more we open ourselves the more we touch their life.

We have found out why we don't have any children for many years and God answers to us that in this status we can travel to any where with out any concern for our children. We can encourage those who need our prayers and help them their needs.

We can serve God by our status. “I can do all this through him who gives me strength.”

Philippians 4:13 NIV

We would like to encourage those who have any chance to read our this news letter to serve God in what you are, where you live, in all circumstances. There is no any excused to serve our God.

We always thank God for His opportunity to serve Him in all kinds of servings. Thank for your prayers and sponsoring for our family and work. Praise the Lord for all of you who have hearts of serving.

“Not that I desire your gifts; what I desire is that more be credited to your account.”

Philippians 4:17 NIV

In His love,
